Description Edit

Overview:

Test the functionality of the Duel duo app.

Links:

http://18.189.16.56/

Test Criteria:

- Buttons work according to their description
- All bots are displayed
- 5 random bots are displayed
- The chosen bot is displayed
- A maximum of two bots are chosen
- The bot removed is returned back to the list
- Points are added and compared properly
- The correct winner is displayed
- Points for wins and losses are properly counted and displayed
- Any visual discrepancy should be noted

Entry criteria:

- Test criteria
- Running version provided
- Computer for testing

Exit criteria:

- All test cases have passed
- The allotted time is up

Other Details:

- Environment
- Should run on any modern browser (post I.E. 8 and similar), and be fully functional, and reasonably styled
- Chrome is the recommended browser

👁 Watch

≡ **Description** Edit

Clicking the "See All Bots" button does not return anything.

Steps to Reproduce:

1. Navigate to http://18.189.16.56/
2. Click the See All Bots button

Expected Result

- Display 10 cards with info about the available bots.

Actual Result

- Nothing is displayed

Environment

- Chrome version 108
- Windows 11

👁 Watch

☰ Description   Edit

Whether user wins or loses, only the "Losses" are incremented by 1 after every play, "Wins" never change.

Steps to reproduce

1. Navigate to http://18.189.16.56/
2. Click the "Draw" button
3. Choose two bots and click their respective "Add to Duo" button
4. Click the "Duel!" button

Expected Result

- if the user won "Wins" should have incremented by 1

Actual Result

- User won but "Losses" got incremented by 1

Environment

- Chrome version 108
- Windows 11
